Hi Saray,

Thank you for taking care of this. I am sure everyone on the team appreciates it.

Have a good day,
 Jenny

Good morning,

The removal action code for Wolverine Worldwide (C593) has been added to your profiles. Please let me know if you have any questions.

Thanks,
 Saray

I take it this has not been approved by HQ yet? Still not in my PP+.

This new system leaves much to be desired.....

Jeff,

I was able to add the following work code to the Compass PCA (Payroll Cost Allocation) table.

C593RV0005FTDC6

However, as to when it will be available for charging in People Plus I cannot tell you. Once it's added to the PCA, it will need to be reviewed and approved by designated HQ staff. They will then notify us that it has been approved and then I can add it to Saray's People Plus profile. Saray will then copy it to everyone in SFD and then it will be available for charging. This may take from 2-3 days to about a week depending on HQ staff schedule for approvals. When it is available we will let you know.

Darius L. Taylor, Financial Specialist

Darius or Saray,

Can anyone update on when this will be added to our timesheets? It was not in as a usable code as of last week when timesheets were due. Again, we have a need to track CERCLA removal action costs separate from the overall project work.

Thanks so much-

Darius/Saray,

We need a removal action code created and added to our timesheets for the Wolverine World Wide Site (C593) I think it would be C593RV
